### Forever Fantasy: I FUCKING HATE PETA!!!! THIS IS IMPORTANT GUYS!!! »

foreverfantasy:

So for those of you may or may not know the organization PETA is people against animal cruelty.

Well let me tell you a story that I just found out today.

Our dog Boulder is a show dog and he was at a show a few weeks or so ago. PETA was also there and they were protesting how dog shows are inhumane.

So what did they fucking do? They let all/most of the dogs out of their kennels and put **rat poison** inside the kennels.

Boulder got sick after the show and as they were doing tests and everything they found the **rat poison** in his system. PETA killed my dog.

My dog Boulder has cancer now which spread to his kidney and his lungs. He is not going to make it. He has lost a lot of weight and needs to be fed by hand because of fucking PETA.

So I want you guys to spread this like wildfire. Tell everyone about this. Because of PETA we are losing a member of our family who is near and dear to us.
